Intensive Hydrating Foot Lotion 200ml

Simply astonishing – a Lotion designed by Margaret Dabbs that truly does all the things you want it to. With the use of Emu Oil this lotion gives results even beyond your expectations. It penetrates the dermal layers and moisturises, replenishes and revitalises the skin, leaving the feet illuminated, refreshed and light. You really will never use anything different again.

Directions:
Rub in a small amount all over the feet and see and feel the difference.

Intensive Treatment Foot Oil 200ml

Seriously superb – this combination of Emu Oil and natural ingredients can be applied to the skin of the feet and nails to give long lasting and effective relief from dehydrated, cracked and broken skin and nails. It can be used daily for over-dry skin, or weekly as a luxury treatment to maintain the beauty of the feet. Amazing results are achieved instantly, with long lasting effect.

Directions:
Spray oil onto a cotton wool ball and apply to the skin of the feet, or simply into the palm of the hand and experience the added luxury of replenished hands as well!

Hydrating Foot Soak 200ml

Tired over-worked feet are transformed using Emu Oil to moisturise and Lemon Myrtle to relax. This Hydrating Foot Soak will not only soothe and moisturise your feet, but will energise and stimulate the skin, and relax the mind, making this foot soak unlike anything else you will have tried. It can be used daily for over-tired feet, or weekly as a luxury treatment to maintain the beauty of the feet. Smell the vapours and relax the mind.

Directions:
Pump a small amount of cream soak into a bowl of warm water and gently and slowly dip the feet in for a luxurious but necessary treat.

Nourishing Nail & Cuticle Serum 15ml

Indulge your nails with Nourishing Nail and Cuticle Serum. Uniquely formulated by Margaret Dabbs with Tea Tree to treat and keep away infections of the nails, and Emu Oil to strengthen, protect and hydrate, this serum is quickly absorbed leaving nails healthy with a glowing buffed appearance.

Directions:
Apply a thin layer to cover the nail and cuticle, for use on the hands and feet.

Rejuvenating Foot Scrub 100ml

Using Ground Tea Tree Leaf and Pumice, the feet can be scrubbed to perfection. Feel the scrub work to remove the dead layers of skin and replenish using Emu Oil, revealing fresh illuminated skin and nails.

Directions:
Simply apply the scrub all over the feet with your hands, paying special attention to the heels and any areas of callus. Wash the scrub away with lukewarm water, and feel and see the difference. For best results follow on with the Intensive Treatment Oil and Hydrating Lotion.

Antifungal Foot Cream 100ml

Eradicate the symptoms of sore, scaly, dry, blistered skin and discoloured nails with the use of Margaret Dabbs' Antifungal Foot Cream, which once applied will act to eliminate symptoms of athlete's foot. This cream is effective and quick acting, rich in Emu Oil to promote skin renewal and hydration, and Tea Tree as a natural antifungal. Use daily for two weeks to clear up fungal skin conditions and as necessary thereafter should a further flare-up occur.

Directions:
Warm a small amount of cream in the hand, and apply all over the feet and nails to restore beautiful feet.

So Why Emu Oil?

Emu Oil is truly amazing. It has excellent emollient, penetration and healing qualities and will therefore moisturise and hydrate the skin.

It is low in irritability and will repair and renew cells; the fatty acid content will penetrate through the dermal layers of the skin of the feet, and feed it with oils that will leave the feet perfectly moisturised giving immediate results which are astonishing.
